Lymphatic Therapy Facial uses a lymphatic unit to help rid the face of excess water, cellular waste, bacteria and toxins. After a skin analysis, cleansing, toning and exfoliation, the esthetician gently massages the skin in circular movements with controlled rhythm and soft pressure, which promotes lymphatic drainage with a soothing, relaxing effect. The skin is then balanced with a mask, hydration and an appropriate serum. Clients can see reduced facial puffiness, a lifted appearance, reduced dark circles and minimized bags under the eyes, firmed jowls and diminished wrinkles. This facial can also assist with easing the symptoms associated with seasonal allergies.

Signature Rituals

Inspired by the best of beauty and relaxation rituals from East to West, our signature rituals are designed to create a personal Spa Réveil experience. Echoes of ancient traditions and cultures are harmoniously blended together in these treatments to restore overall well-being.

Moroccan Purifying Ritual reveals the most delicate aromas and textures from morocco, a country of tradition and a land of relaxation. The journey starts with a luxurious moroccan exfoliation using an exotic blend of coffee, black olive, crushed almond, neroli, orange peel and lemon rind to cleanse and remove surface skin cells, improving overall circulation and reducing the appearance of cellulite and varicose veins. After the skin is rejuvenated, an aromatic, mineral-rich body wrap in ancient rhassoul clay from the atlas mountains and essential oils of rose, eglantine, jasmine, blue tansy, ylang ylang and clove are applied to clear, tone and detoxify by drawing impurities from deep within. A soothing vichy shower follows and a full body swedish massage with scalp treatment is then administered to relieve tension,

enhance circulation and promote balance. Your skin will be nourished and irresistibly silky, your body restored, and your spirit renewed.

120 min. \$195

Scandinavian Detox Ritual takes its inspiration from scandinavian customs to detox and promote overall circulation. The therapy starts with a luxurious vichy and an exfoliating lemongrass body scrub to remove dry, dull skin. The body is then wrapped in an anti-inflammatory gel envelopment to stimulate circulation, relieve sore muscles, and enhance relaxation. This is followed by a swedish massage with eucalyptus to relieve pain and fatigue, ease muscle stiffness and clear respiratory congestion. A scalp massage is administered to awaken the senses and a peppermint foot massage completes the treatment for the ultimate rejuvenation.

120 min. \$195

Egyptian Beauty Ritual is rooted in an ancient beauty ritual consisting of a bath and a wrap to deeply moisturize the skin. The treatment starts with a soothing and moisturizing rich creamy bath in milk proteins and vitamins in the privacy of our hydrotherapy suite. This is followed by a luxurious silky body wrap with aloe and shea butter to hydrate and soften the skin while improving skin's elasticity. Thanks to the rich nutrients and antioxidants, this treatment calms many irritations and allergies, softens and nourishes the skin, fights wrinkles and aids skin in retaining its own moisture. Immerse in complete mind and body relaxation with a scalp and a swedish massage following the body wrap and be awakened to a rejuvenated body, a velvety, youthful-looking skin, and a renewed sense of well-being.

120 min. \$195

Balinese Spirit Ritual is based upon the phases of rising and diminishing energy of yin and yang. Experience a stimulating lemongrass exfoliating polish with silk like emollients and antioxidant vitamins to purify, repair and firm the skin. A soothing vichy rinse is then administered, followed by a warm and restorative lemongrass bath in our hydrotherapy suite to ease away tension while promoting balance and awakening the senses. Afterwards, enjoy a scalp massage and a full body swedish massage with our Renew blend to relax the body and calm the mind. Designed to improve skin tone, fight cellulite and regenerate the skin, this ritual will also promote circulation and impart radiance and vitality.

Reputed for its rich source of antioxidants, as well as Vitamins A, C & E, cocoa not only rejuvenates the skin by expelling toxins to help promote tissue regeneration but also prevents aging, improves skin texture and ability to maintain collagen levels. The treatment begins with a full body exfoliation with a sweet cream sea salt scrub.
